

Thursday 8 and Friday 9 March 2018

FARMING FOR SUSTAINABLE

SOILS

CONFERENCE

BENDIGO

The highly anticipated two-day conference will profile the extensive work of the North Central Catchment Management Authority's (CMA) five year Farming for Sustainable Soils project and attract those interested in the quest for soil health in north central Victoria.

RSVP by Friday 23 February 2018

Be quick to secure your place by registering via Eventbrite <https://soils.eventbrite.com.au> or by phoning the North Central CMA on 03 5448 7124 indicating if you are attending part or all of the conference.

DAY 1
Thursday 8 March

9.30am-4.30pm
Optional Tour

Departing via coach from the Capital Theatre in Bendigo, guests are invited to explore the work of the Timor West Farming for Sustainable Soils (FSS) group in their efforts to advance soil quality in difficult granite terrain.

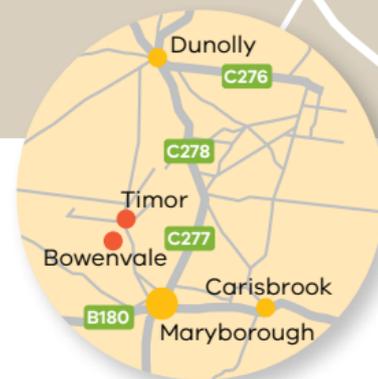

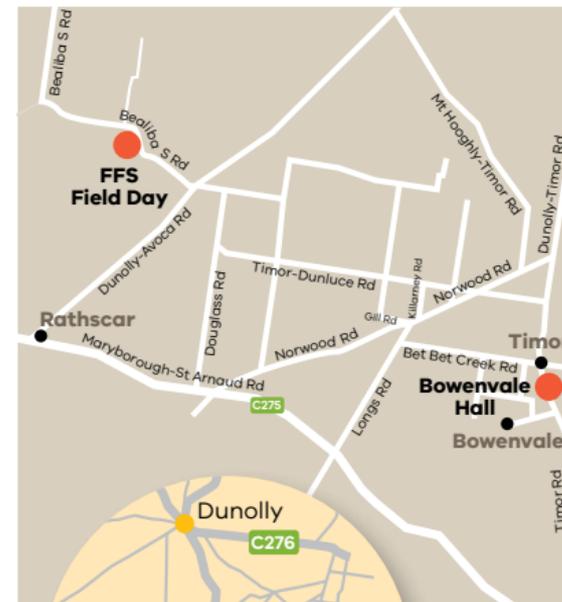

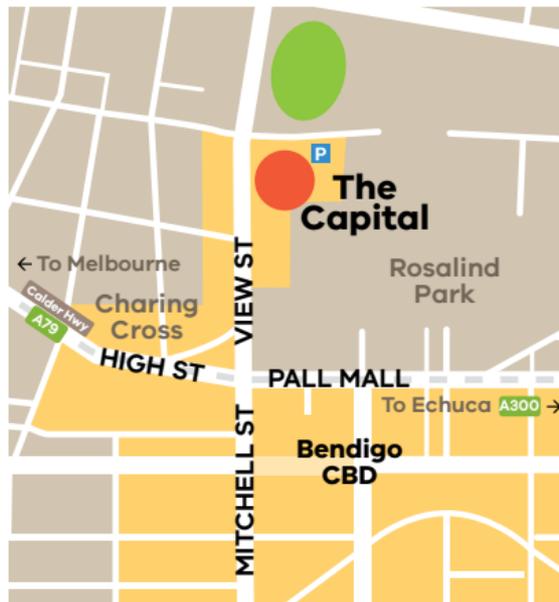

5.30pm-9.30pm
Dinner

Open to all participants, pre-dinner drinks and dinner will be hosted in the beautiful Banquet Room of the Capital Theatre, View Street, Bendigo.

DAY 2
Friday 9 March

9.30am-4pm
Main Conference

The body of the conference will be presented on Day 2 at the Capital Theatre, Bendigo and includes plenary sessions featuring well known and respected experts of national repute followed by an afternoon session with reports from each of the participating FSS community groups. The latter will include facilitated table/break-out-reporting back sessions.

The conference is supported by the North Central CMA's Farming for Sustainable Soils project, through funding from the Australian Government's National Landcare Program.
