

Bendigo Urban Flood Study

The North Central Catchment Management Authority (CMA), in partnership with the City of Greater Bendigo, is commencing Stage 5 community consultation.

Why does Bendigo need a Flood Study?

- Flooding remains a significant community issue
- The last Bendigo Flood Study was undertaken in 1984
- Results from the previous study are out-of-date.

What are the benefits of the Flood Study for Bendigo?

- Provides flood information for a range of flood events for Bendigo
- Assists future land use planning and development decisions
- Assists responsible Authorities prepare for and respond to flood events
- Assists the prioritisation of future drainage investments.

Is the Flood Study relevant to me?

The North Central CMA and the City of Greater Bendigo are committed to engaging with the Bendigo community to ensure landholders and residents understand how the study results are relevant to individual circumstances. Results will be released in **stages**. Landholders and residents whose property is identified in the study results will **receive a letter** providing further information.

Community Consultation STAGE 5 South East Bendigo

Stage 5 consultation includes **Strathdale, Quarry Hill, Spring Gully, Kennington, Flora Hill.**

Landholders and residents will receive a **letter** from **Monday 5 May** and are encouraged to book a time to attend one of **two consultation sessions**. Staff will be available to discuss, one-on-one, individual circumstances and answer any questions.

Dates and venues for additional consultation sessions across the remainder of the city will be announced at a later date, but are planned to occur during 2014. All affected landowners will be notified by mail of upcoming sessions in their area.

Session 1 – Monday 19 May:
Strathdale Community Centre Hall,
Crook St Strathdale

Session 2 – Wednesday 21 May:
Holy Trinity Church Hall,
14 Keck St Flora Hill

Time: 1.00pm – 8.00pm

RSVP: Bookings are essential and can be made by contacting the **North Central CMA** on **1800 282 944** between 9.00am – 5.00pm weekdays.

Alternative arrangements can be made for those who are unable to attend one of the sessions.
