

Project Manager

- Flexible work options
- Great Lifestyle location
- The opportunity to contribute to river health and the environment

The North Central Catchment Management Authority (CMA) protects and enhances the integrity of our catchments, by working in partnership with communities to deliver enduring natural resource management outcomes. We are currently seeking an energetic and inspiring person to join our Program Delivery team as a Project Manager.

Located at our Huntly office, the purpose of the Project Manager position is to plan, implement and monitor projects that focus on irrigated land and water management. The role will work to ensure the region fulfils our statutory obligations for managing salinity impacts on natural resources, particularly reviewing land and water management actions in accordance with operational protocols.

The successful candidate will:

- Be experienced in the delivery of large or complex NRM projects.
- Demonstrate strong technical capability in salinity management and hydrogeological concepts, project reviews and assessments.
- Be a team player with excellent communication skills.
- Demonstrate strong facilitation, relationship and networking capability
- Have experience in strategic planning and coordination related to natural resource management and community partnerships.
- An ability to work across multiple timelines and projects, be self-motivated and resourceful.

This position is offered for a 12 month period and has the flexibility to be on a full-time or part-time basis.

For further information about this position, please obtain a position description from the Jobs and Tenders section of our website at www.nccma.vic.gov.au or contact the North Central CMA reception on (03) 5448 7124.

Applications must include a covering letter, a current resume, and statement addressing the key selection criteria. Applications will be accepted until 5pm, Monday 24 October and may be submitted by e-mail to dpham@baysidepersonnel.com.au
