

# Loddon Plains Future Farming Regenerative Agriculture Group

Presents

# Understanding Your Soils

Webinar with Rebecca Mitchell (Agriculture Victoria)

Join Loddon Plains Future Farming group for an in-depth webinar on understanding your soils and how to better improve management practices for healthier soils.

**Wednesday 8th September at 1pm on Zoom**

The session will include an introduction to:

- Understanding soils (texture, structure, pH, nutrition)
- Assessing soils (profile descriptions)
- Introduction to soil testing and interpretation
- Managing soils and groundcover
