

# Second Generation Landcare grants Information session

**Your group is invited to** an information session about Second Generation Landcare Grants. The North Central Catchment Management Authority (CMA) is running three information sessions to assist Landcare groups with their applications for the 2009–10 grants program. This is a great opportunity to: come along and find out what makes a good project; get advice on your project ideas; and gain some tips on how to write a strong grant application. Our technical staff will be present to provide assistance with questions about on ground activities. A Department of Primary Industries representative will also be available to discuss pest plant and animal priorities, as well as advice about on ground works.

## **What will the session be about?**

- The Second Generation Grants process, and what happens you've submitted your application
- Priority areas for funding
- What makes a good application
- An opportunity to talk to other groups and gain ideas for your projects

**If you'd like an A3 aerial map of your area on the day, please make a request to Melanie Taube by Friday 18<sup>th</sup> September**

### **Locations for meetings are:**

- Monday 21 September at Kerang Memorial Hall, Nolan Street from 5 to 6pm
- Wednesday 23 September at Campbells Creek Community Centre from 7pm to 9pm
- Tuesday 29 September at St Arnaud Town Hall from 5pm to 6pm

A light supper will be provided at each meeting.

Please RSVP your attendance for catering purposes to the North Central CMA by telephone: 5448 7124 or email: [info@nccma.vic.gov.au](mailto:info@nccma.vic.gov.au)
