Project details				Funding Details	
project no.	proponent	project title	project description	contributing funds (\$)	SGLG funding recommended (\$)
GM0240910	Barkers Creek Landcare	Group Maintenance	Admin, Insurance, membership fees, postage, hire, telephone		\$500
GM0250910	Quambatook Landcare	Group Maintenance	Admin, membership fees etc		\$500
PE0010910	Baynton Sidonia Landcare Group	Baynton Sidonia Activities	Newsletter, Recording & refreshments for oral history night, Baynton Hall demo gargen	\$3,700	\$980
PE0020910	Wedderburn Conservation Management Network	Newsletters	bi-monthly newsletter	\$300	\$2,000
PE0030910	Lake Charm Landcare	Promotional Fauna, Flora and Heritage Brochure	To produce a booklet about local fauna, flora and heritage	\$2,050	\$2,000
PE0040910	Longlea Landcare	Longlea General Community Education Initiative	Develop & distribute landcare survey, reprint promo broch, bus tour of project sites & member properties	\$3,600	\$2,000
PE0050910	Northern Bendigo Landcare	Positive Public Promotion of the Northern Bendigo Landcare Group	Positive public promotion of group to increase membership to new group, distribute promo broch, conduct display days in major public facilities -ei markets/shopping centres	\$3,615	\$960
PE0080910	Upper Campaspe Combined Landcare	Rejuvenating the Upper Campaspe Landcare Network	To develop & deliver a series of strategic plannign sessions for the network & prospectus to attract future partners include building a field day	\$3,000	\$2,000
PE0090910	Woodend Landcare	Blackgum Rescue Stage 4	Promote the benefits of finalising the Black Gum Rescue Project, erecting 2 steel signs describing the work, contributing funding bodies and voluntee work	\$1,825	\$1,825
PE0100910	Stuart Mill Landcare	Charlton Promotional & Education Grant 0910	Host an event aimed at supporting & encouraging members, the community, neighbouring landcare groups to work togetheronintegrating NRM projects - developing relationships	\$2,750	\$2,000
PE0110910	Carapooeee Landcare	Carapooeee 2nd Gen Landcare P & E Grant 0910	To establish a tial site aimed at demonstrating & monitoring the rehabilitation of 3 degraded parcel of land back to EVC	\$6,085	\$2,000
PE0120910	Charlton Landcare Group	Charlton Promotional & Education Grant 0910	Host an event aimed at supporting & encouraging members, the community, neighbouring landcare groups to work togetheronintegrating NRM projects - developing relationships	\$2,750	\$2,000

Second Generation Landcare grants successful projects 09.10

Project details				Funding Details	
project no.	proponent	project title	project description	contributing funds (\$)	SGLG funding recommended (\$)
PE0130910	Barker Creek Landcare	A Taste of the Environment and Barkers Creek Big Brew and Bakeoff	To expand and build on the NRM elements of the annual Brew and Bakeoff event	\$1,150	\$710
PE0140910	Shire Campaspe	Campaspe Landcare Bus tour 2010	To run a day bus tour during Landcare week to provide an opportunity for members to see what other groups within the region are doing	\$745	\$745
PE016	Barkers Creek Landcare	Barkers Creek Big Action Planning Workshop	To run planning workshop for members and bus trip around area for community on revegetation	\$1,350	\$1,350
MP0010910	McKenzie's Hill Action & Landcare Group	Rehabilitation of Lushington Bushland Reserve	Management of the reserve-stabilizing the soil, improving quality of water flow, provide healthy example of indigenous vegetation, provide a model for others	\$2,000	\$1,752
MP0020910	Sutton Grange Landcare Group	Revegetation of Pilchers Bridge nature Conservation reserve	Revegetation to support the recovery of degraded hills linking into Pilchers Bridge Nature Conservation Reserve	\$11,150	\$9,000
MP0030910	Malmsbury District Landcare Group	Lauriston Gorse Project	Gorse control and revegetation in malmsbury area	\$11,900	\$4,900
MP0040910	Campaspe River Working Party	Clearance and revegetation alongside Franklin Place where Campaspe River is heavily overgrown	It is a continuation upstream of works of clearing and revegetation a stretch of 4km of the river	\$11,680	\$10,000
MP0090910	McCallums Creek Landcare	Protecting remnant vegetation and weed control at Stony Creek	to encourage & support private landholders to increase the area of native vegetation on their properties. Undertake fencing, weed control and reveg on a private property at Stony Creek	\$2,700	\$2,600
MP0100910	Ashbourne Landcare	River Revegetation	To replace trees along the river, fencing, chemical to control gorse	\$2,937	\$2,826
MP0110910	Guildford Upper Loddon Landcare	Blackberry, Patterson Curse and Gorse Control	Stop the spread of Blackberry, Gorse and Patterson Curse	\$7,500	\$7,500
MP0120910	Guildford Upper Loddon Landcare	Rabbit Control	Major tunnel erosion & rabbit warren ripping	\$1,100	\$1,370
MP0130910	Axe Creek Landcare	Extending Biodiversity Linkages along the upper reaches of Axe Creek	Revegetate the degraded hills and Axe Creek on property	\$12,280	\$9,000
MP0140910	Mt Pleasant Creek Catchment Landcare Group	Protection & Restoration of remnant Grey Box	To protect through fencing & enhance through direct seeding, scattered remnant of Grey Box on the sedimentary low rises of the Mt Pleasant Creek catchment	\$ 11,250.00	\$10,000

Second Generation Landcare grants successful projects 09.10

Project details				Funding Details	
project no.	proponent	project title	project description	contributing funds (\$)	SGLG funding recommended (\$)
MP0150910	Loddon Vale Landcare Group	Calivil Creeek Enhancement	Revegetation along the Calivil Creek between Mitiamo Boort Road & the Gladfield Road.	\$4,580	\$4,580
MP0180910	Sheepwash Creek landcare Group	Undestorey Enhancement Project	Group revegetation in conjunction with landowners with a good track records of maintaining previous works through tubestock planting to recolonise understory species in selected areas	\$14,075	\$9,950
MP00200910	Lake Charm Landcare	Revegetating the Kerang Lakes	Revegetate the threatened Sand Ridge Woodland, & Black Box ecological communities by adding biodiversity linkages between the Kerang Lands, Avoca Marshes, Datagook Forest and Loddon & Murray rivers	\$9,247	\$9,210
MP0210910	Amphitheatre Landcare	Erosion Control & Revegetation	Revegation and Native vegetation protection, enhancement, pest plant & Animal mangement	\$6,576	\$5,550
MP0230910	Woodend Landcare	Black Gum Rescue	Stage 4 of the rehabilitation of 2.5 hectare site along Five Mile Creek	\$10,450	\$3,588
MP0250910	Harcourt Valley Landcare	Enhanceing Harcourts Natural Features		\$7,525	\$5,880
MP0260910	Campaspe River Reserve Committee	Rochester River Reserve	Complete the revegetation and upgrading of the River bank within the township, control weed and plant indigenious species of plant	\$1,450	\$1,420
MP0280910	Upper Spring Creek Landcare	Spring Creek Remnant Rehabilitation	To protet and habiliate and endangered EVC, creekline grassy woodland of which only 35% remain in the Goldfields Bioregion	\$9,360	\$8,810
MP0290910	Callawadda Landcare	Corridors in Callawadda stage 3	Establish a network of corrodors across the area working on 3 properties	\$10,200	\$10,000
MP0300910	Jeffcott North Landcare	Wildlife Ponds in Jeffcott	Wildlife Biodiversity Pond development using disused channels and dams	\$9,357	\$9,175
MP0310910	Yawong Conservation Group	Yawong 2G 0910	Establish a long tem group control over Bridal Creeper, Patters's Curse & horehound within the target areas	\$9,600	\$6,035
MP0320910	Banyena Landcare	Banyena 2nd Generation Landcare Revegetation Project 2009-10	Establish and extensive & linked network of indigenous vegetation across the groups area	\$9,972	\$9,960

Second Generation Landcare grants successful projects 09.10

Project details				Funding Details	
project no.	proponent	project title	project description	contributing funds (\$)	SGLG funding recommended (\$)
MP0330910	MiddLoddon Sub Catchment Management Group	Kangeraar Remnant Protection	Enhance the remnant area by directly seeding with indigeous understorey and ground covers	\$5,850	\$5,750
MP0350910	Loddon Plains Landcare	Loddon Plains Landcare Network - P3 Project (Plant, protect, promote)	Develop a new strategic plan for the eria	\$12,790	\$10,000
MP0360910	Campbell Creek, friends of	Improving Biodiversity along Campbells Creek - Sherrif's Bridge to Winters Flat	Make the creek and creek side lands a community asset - a healthy, restored environment, linked with nearcy habitat, actively used and cared for by the community & visitors	\$4,075	\$3,918
MP0380910	Newstead Landcare Group	Riparian protection and restoration in the Newstead area	Bridal creeper control, rabbit control and some revegetation	\$11,000.00	\$8,792.00
MP0060910	Shepherds Flat Landcare	Jim Crow Creek Revegetation and Weed and Rabbit Maintenance	Continue pest pland & animal maintenance from previous work, further revegetation with riparian vegetation specials	\$5,200	\$5,200
MP0070910	Salisbury West Landcare	Where Grandwork Widens Regeneration	Will address issues of biodiversity/sustainability as outlined in Salisbury West Biodiversity Action Plan, follow recommendations the Murray-Darling Basin Catchment, Loddon Stressed Rivers Management, Box ironbark Ecology and embrace envrionmental management sytems	\$10,300	\$10,000
MP0080910	Baynton Sidonia Landcare	De Gorsing Pohlman's Creek	Remove, by chemical spraying, an infestation of gorse from 9.5km along Pohlman Crk	\$15,020	\$10,000
MP0160910	Ulina Landcare Group	Enhemeral Drainage lines Revegetation	To revegatate & protect eroded drainage line & gullies with indigenou species, to improve condition of native negetation in the area	\$6,250	\$6,075
MP0170910	Muckleford Catchment Landcare Group	The Walmer Habitat Biolink	To enhance the quality & connectivity of variety of fauna habitats, entailing the supply & installamtion of habitat boxes for target species from Walmer South to Ottreys Scrub within the Muckleford catchment in partnership with Parks Victoria	\$3,500	\$3,500
MP0220910	Mt Beckworth/Mt Bolton Landcare	Gorse Control Beckworth Bolton Area	Control & reduce gorse to stop re-infestation, manage targetted areas, revegetation through planned replanting program	\$9,850	\$6,875

Second Generation Landcare grants successful projects 09.10

Project details				Funding Details	
project no.	proponent	project title	project description	contributing funds (\$)	SGLG funding recommended (\$)
MP0270910	Castlemaine landcare	Rehabilitating Forest Creek	To plant 50 trees and collect seed from existing trees to further develop the area	\$10,000	\$9,290
MP0340910	MiddLoddon Sub Catchment Management Group	Remnant Vegetation Management	Then protection and enhancement of White/yellow box & yellow gum woodland, 2 degraded remnants beside swamp	\$8,595	\$8,195
MP0370910	Langley Landcare Group	Biodiversity re-establishment of unnamed creek from Black Hill reserve Campaspe River	Remove noxious weed from creek, plant indigenous native species, destroy vermon to re establish the health of the rive	\$10,000	\$9,500
