

## COMMUNITY QUESTIONNAIRE

For use in the finalisation of the Clunes Flood Mitigation and Urban Drainage Plan.

North Central CMA and Hepburn Shire Council seek feedback from the Clunes community on mitigation options to reduce the risk of future flooding.

Please answer the following questions to the best of your knowledge.

1. Name, address and contact details

---

---

2. What are key assets/things to protect in Clunes?

- |   |   |
|---|---|
| <input type="checkbox"/> Community buildings such as the pool, basketball courts and football oval/clubhouse. | <input type="checkbox"/> Residential Houses.    |
| <input type="checkbox"/> Caravan park.  | <input type="checkbox"/> Commercial Businesses. |

3. What level of protection would you like to see for Clunes?

- Protection from a September 2010 event (1 in 25 year flood event).
- Protection from a January 2011 event (1 in 50 year flood event).
- Protection from a 1 in 100 year flood event.

4. What is your preferred flood mitigation option? Please number in order of preference.

- Option 1: Combination of eastern and western levee banks upstream and downstream of Service Street and an increase in Council bridge capacity. Protects majority of town from a 1 in 50 year flood event.
- Option 2: Combination of minor levee upstream of Service Street, with creek widening and raising of Service Street Bridge. Protects majority of town from a 1 in 50 year flood event.
- Option 3: Combination of reinstatement of existing levee on eastern banks and minor levee on western banks to protect to a 1 in 20 year event.

5. Do you have any comment on the proposed mitigation options?
