Draft Rochester Flood Management Plan

COMMUNITY FEEDBACK

For use in finalising the Rochester Flood Management Plan.

Community support for the Rochester Flood Management Plan is essential in order to obtain funding to implement future works. Therefore it is important that residents take the time to fill in this questionnaire and have their say on the DRAFT Plan and the proposed mitigation options.

Please return completed questionnaires to the North Central Catchment Management Authority no later than **Friday 17 May 2013.** A Reply Paid envelope has been included for your convenience, or alternatively you can fax responses to 5448 7148 or email floodplain@nccma.vic.gov.au.
