

Project Manager – Water and Environment

- Leading natural resource management agency
- Great Lifestyle location
- The opportunity to contribute to river health and the environment

The purpose of the North Central Catchment Management Authority (CMA) is to protect and enhance the integrity of our catchments. Our vision is to become a benchmark organisation by working in partnership with our communities to deliver enduring natural resource management outcomes. We are currently seeking an enthusiastic and motivated person to join our team as a Project Manager for priority water and environmental outcomes.

Located at our Huntly office, the purpose of the Project Manager position is to plan, implement and monitor environmental projects focused on enhancing and protecting the natural assets across the North Central region.

The successful applicant will have sound experience in the management of natural resource management (NRM) projects, be a team player and have excellent communication and technical skills. We are particularly interested in NRM professionals with experience in managing water related projects focusing on river and wetland health.

Essentials for the position include qualifications in Environmental Science/ Engineering, natural resource management or a related discipline and several years relevant experience in the successful delivery of complex NRM projects and/or programs.

This position is offered for a 12 month period as a maternity leave replacement and has the flexibility to be on a full-time or part-time basis.

For further information about this position, obtain a position description from www.nccma.vic.gov.au or contact the North Central CMA on 03 5448 7124 or email

Applications marked 'Confidential' and addressing the position description key selection criteria should be e-mailed to hrmanager@nccma.vic.gov.au or posted to the HR Manager, North Central CMA, PO Box 18 Huntly VIC 3551.

Applications will be accepted until **5pm, Friday 15 November 2013.**
