Draft North Central Regional Catchment Strategy

BE PART OF THE CONVERSATION

The draft North Central Regional Catchment Strategy (RCS) is open for comment from 10 March – 20 April. The RCS sets the direction for natural resource management for the next six years. The draft is available [here](#) and we are encouraging comments via the online feedback form.

Building on previous conversations with the community, we are also holding drop-in sessions across the region, and one online, so the community can review and discuss the draft with the North Central Catchment Management Authority team.

These sessions are in line with the North Central CMA's COVID-19 Safety Plan, please stay home if you are unwell.

Drop-in sessions are from 4pm-7pm. Registration is not required.
