

AusChem Chemical User Course in Maryborough

Ag Chemical Skill Set (AGVET - AHCSS00074)

This course is the industry standard for training in chemical use, storage and handling.

Upon completion of the two-day course, participants will receive an AusChem Certificate which may be used to comply with Industry Quality Assurance Programs. This certificate is required to apply for the *Victorian Agricultural Chemical Users Permit (ACUP)*, and may also be used to pursue further training, such as *Minimising risks in the use of 1080 and PAPP bait products for Vertebrate Pest Control*.

All participants will receive the latest copy of the AusChem Manual.
